

$$E_{v,\beta}\left[\frac{\partial}{\partial\beta}E[Z(v,\beta)]\right] \text{ vs. } v, \beta$$

(Sensitivity wrt. β under uncertainty in β, v)

$$\frac{\partial}{\partial\beta}E[Z(v,\beta)] \text{ vs. } v, \beta$$

(Sensitivity wrt. β for fixed and known β, v)
